

Technical excursion to Oslo, Norway 23-25 May 2019

The Follo Line Project and The New National Museum

arranged by the Danish Group of IABSE and DSBY

1000kr discount for personal members of IABSE or DSBY

There is currently a number of interesting and challenging projects under construction in Oslo, including infrastructure projects and buildings for important cultural institutions. In collaboration with IABSE Norway, IABSE Denmark and DSBY have selected two very interesting sites for our 2019 Spring Site Visit.

Site visits

The Follo Line Project

The project is currently the largest transport project in Norway and includes the country's longest railway tunnel (20 km). See link
